

About us

On 21.07.2018 the European Confederation of Flags e.V. was founded in Konstanz. With this, a platform was created to enable all flag-waving groups in Europe to meet each other, get to know each other better, exchange ideas and together maintain and promote the tradition, customs, sport and art of flag-waving in all its many facets.

What we do:

Preserving the old, deepening the present and being open to the new. With respect for the flag and in the knowledge of doing something extraordinary, these are the things that unite us.

- We want to preserve flag-waving in all its diversity.
- We want to get to know each other and flag-waving with each other, maintain and expand friendships.
- Exchange knowledge and experience about the art, flags and their history.
- Calendar, in which each member group can register its events (also competitions), in which it is in which each member group can register its events (including competitions) for which it wishes to visit or participate.
- Calendar for announcing courses in flag-waving
- The ECF plans its own events in flag flying and meetings on the European level.
